Windows & Mirrors-Asia-DVD Study Guide

Answer the following questions: What is education like in Asia?

Do all children go to school? What are the school buildings like and/or located? Do male and females go to the same school?

What subjects do they study?

What types of activities do the families participate in? (Sports, Hobbies, etc.)

What do Asian families put emphasis on? (school, sports, religion, work, etc.)

Answer the same questions for American families.

15 minutes: Large group discussion of similarities and differences between families and living arrangements.
